

Customer Connect

BMTS and GENT hosted a special evening event for the Consultants and Contractors including the Civil Defence team. Mr. Tony Dodkin and Mr. Reg Grigg from LPCB enlightened the audience on various aspects and scenarios of fire detection and alarm systems.

BMTS, the pioneer solution provider for life safety solutions in the UAE for over a decade, teamed up with GENT Fire Alarm Systems, a name synonymous with quality and innovation in the fire detection and alarm industry, for the 'Customer Connect' Event in Abu Dhabi. The event was attended by the consultants & contractors from the industry along with representatives from the LPCB team.

Mr. Tony Dodkin and Mr. Reg Grigg of LPCB graciously shared their experiences and knowledge on how LPCB functions, and the importance of having LPCB approvals. They also specifically mentioned the role of 'GENT' in the field of Life Safety and 'GENT' having the requisite LPCB approvals. As a token of appreciation, BMTS presented a memento to the LPCB team.
